

## Postdoctoral researcher (f/m/d) in chronobiology/psychology/behavioural science (100%, TV-L E13)

The area "Chronobiology & Health" (Prof. Dr. Manuel Spitschan) at the Department of Sport and Health Sciences at Technical University Munich, Germany, is looking for a postdoctoral researcher in starting 1 January 2022 or later (initial appointment for 36 months).

### Project description

Light exposure influences our physiology and behaviour fundamentally. Light at the wrong time can negatively impact on our biological clock. The goal of this project is to develop novel methods for positively modifying light exposure related behaviour in people. A major focus is in the integration of findings from behavioural science and health psychology in combination with novel ambulatory light exposure assessment methods.

### Requirements

- PhD or similar degree in psychology, health sciences, medicine, biology or related disciplines
- Experience in scientific, statistical or other programming in Python, R, MATLAB or similar languages
- Knowledge and experience in data analysis
- Experience working with human participants
- Proficiency in German and English

### What we offer

We offer an interesting, exciting and inclusive research environment, which is integrated into the Max Planck Research Group "Translational Sensory & Circadian Neuroscience" at the Max Planck Institute for Biological Cybernetics, as well as a wide network of international collaborations.

Workplace is in Munich, Germany. Salaries follow the payscale E13 TV-L in the state of Bavaria.

TUM is an equal opportunity employer. Qualified women are therefore particularly encouraged to apply. Applicants with disabilities are treated with preference given comparable qualification.

### Application

Please send the following documents via email to Prof. Manuel Spitschan ([manuel.spitschan@tum.de](mailto:manuel.spitschan@tum.de)):

- **Cover letter describing your education and scientific activities, as well as your strengths.** Please also describe how you meet the requirements (or could at the start of the position), and what interests you in the position
- **Curriculum vitae** (max. four pages) including publication list (if applicable) and contact information of two references.
- **PDFs of max. two representative publications**

The application deadline is 1 December 2021. Applications are reviewed on a rolling basis. Please note that incomplete applications will not be considered. Informal inquiries can be addressed to [manuel.spitschan@tum.de](mailto:manuel.spitschan@tum.de).
